GitHub: github.com/Rajnish-Kumar/ Mobile: +91 6284843478

SKILLS

- Programming Languages: JavaScript, Python, C++, Java
- Core Computer Science: Data Structures & Algorithms, Operating Systems, Computer Networks, System Design
- Web Technologies: HTML, CSS, RESTful APIs, GraphQL, WebSocket, Authentication (JWT, OAuth2)
- Frameworks & Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS
- Databases: MongoDB, MySQL, PostgreSQL, Prisma
- Soft Skills: Communication, Teamwork, Leadership, Time Management, Adaptability

PROJECTS

AI-Based Exam Evaluation System – Gen-AI Enabled Exam Platform *Jun 2025 – Nov 2025*

| Source Code | Live Link |

- Built a **full-stack exam platform** used by teacher and students, featuring automated delivery, **30-sec autosave**, and
  AI-assisted subjective grading, cutting manual evaluation **time by 70%.**
- Implemented secure **RBAC**, high-reliability autosave (**99.9% sync accuracy**), and **real-time monitoring** with Socket.IO powering **100+ concurrent exam sessions**.
- Created an **extensible LLM-powered evaluation service** with rubric scoring, improving grading **consistency by 85%,**
  and documented end-to-end APIs for future expansion.

Tech Stack: React (Vite), Node.js, Express.js, MongoDB, Socket.IO, JWT, Generative AI Evaluation Service

My Music – Full-Stack Music Streaming Platform *Sept 2024 – Feb 2025*

| Source Code | Live Link |

- Created a **full-stack mood-based music streaming platform** with personalized playlists, YouTube-based song uploads and a user dashboard using **HTML, Tailwind CSS, JavaScript, PHP and MySQL.**
- Implemented dynamic mood-based playlist generation and a responsive in-browser music player, enhancing user experience and seamless playback.
- Designed **secure authentication** and **optimized UI** with **Tailwind CSS,** improving usability and overall user engagement.

Tech Stack: HTML, Tailwind CSS, JavaScript, PHP, MySQL, XAMPP (Apache Server).

TRAINING

C++ Programming: OOPs and DSA

- Completed an intensive DSA bootcamp focused on mastering core Data Structures and Algorithms from basics to advanced problem solving.
- Implemented key data structures and algorithms including arrays, linked lists, stacks, queues, trees, graphs, recursion, and greedy techniques.
- Achieved Grades A+ through consistent performance, improving coding efficiency and logical thinking.
- Gained hands-on experience solving computer science problems using optimized and efficient approaches.

CERTIFICATION

- API Beginner **— (Postman)** *Mar 2026*
  Verify Certificate
- C++ Programming **— (CSE PATHSALA)** *Jul 2024*
  Verify Certificate

ACHIEVEMENTS

- Secured 5-stars Java proficiency rating on HackerRank.
- Solved 100+ problems on LeetCode.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.00*** *Aug, 2023 - Present*

DAV Public School Bokaro , Jharkhand
Intermediate; ***Percentage: 81*** *Apr, 2018 – Mar, 2020*

BVN Public School Jehanabad, Bihar
Marticulation; ***Percentage: 77*** *Apr, 2017 – Mar, 2018*
